We have the network for every pair of eyes

Whatever life sends your way, our vision network has solutions to help you see it to the fullest

"It's hard for me to get away during the workday."

To fit your busy schedule, many eye doctors in our network have weekend and evening hours.

"No thanks, I see perfectly fine."

An eye exam can help spot vision and health problems you may not know about. That's why you can get an eye exam with \$0 copay at PLUS Providers – so you can use your vision benefits to help you stay healthy.

"I wear contacts, my wife wants to get LASIK, and 2 of our kids need glasses."

Our network has a wide variety of independent and retail providers, so everyone in your family can see the doctor they want.

"I'm in an airplane at 30,000 feet and can't get to the eyeglasses store."

You can shop for eyewear online and use your in-network benefits—just like you would at the store.* You can even use your additional frame allowance at these participating PLUS Providers.*
